Workforce Mobile (Android)
Performing Manager Tasks

KRONOS®

Home Screen Overview

Logging On
When you start the Kronos Mobile app, your device connects to your organization's Workforce Central server, using an IP address you supply. You can then log on using your existing Workforce Central credentials.

Alerts
If there are matters requiring your attention, they will appear as alerts. Tap the Alerts icon to view all of your alerts.

Tasks
Simply tap a task to drill down and view its details. Scroll down to access more tasks. Depending on your role, some tasks may not be accessible.

Refresh
Tap to update the screen with the latest data from the server. It's a good idea to refresh after making edits.
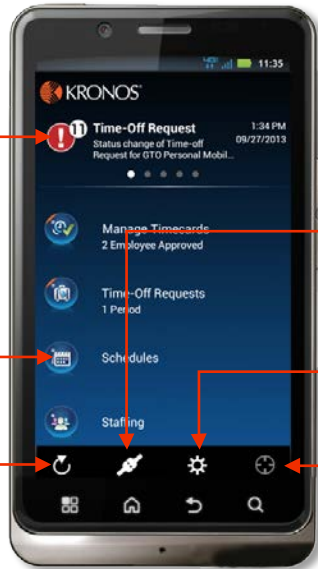

GET THE APP

Anyone can download and try out the Kronos Mobile app – check your device's app store to get it. To log on to your organization's server, however, you must be granted access.

Offline Mode
If you cannot connect to your server, tap here to enter Offline mode. Any edits you make will upload the next time you are online.

Context
Tap to change the Time Period you are viewing. All information you view will be in this context until you change it.
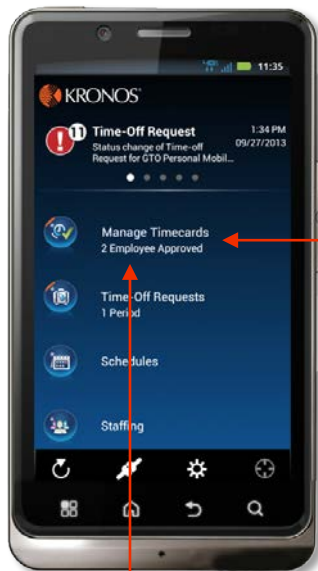

Location
Tap to view your current geographical location, and assign it a context (HyperFind and Time Period). In future, that context will be used whenever you are in the location.

Manage Timecard Exceptions

Marking Exceptions as Reviewed
Some exception types cannot be resolved in Workforce Mobile, but must instead be resolved from your PC. In this case, you may have the option to tap Reviewed to mark the exception as reviewed. Exceptions are removed from the list when they are either resolved or marked reviewed.
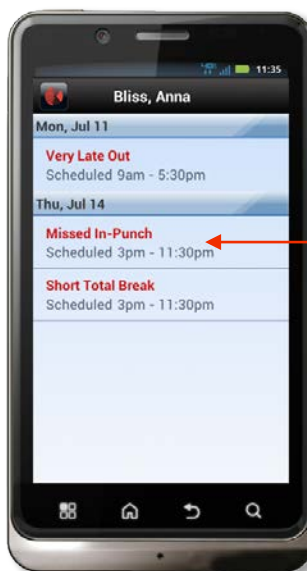

1 On the main screen, tap **Timecard Exceptions**.

2 Tap a name to view that employee's exceptions.

3 Tap an exception to review its details.

Timecard Exceptions Count
The count under **Timecard Exceptions** tells you how many employees have exceptions that need your review.
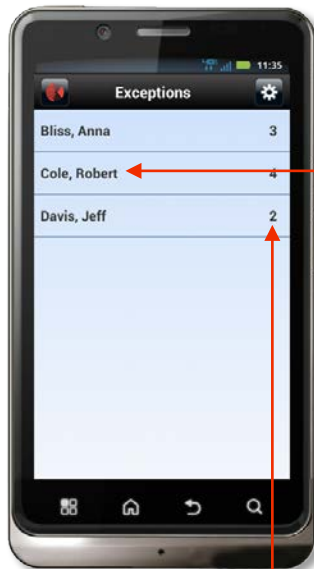

Exception Count
The number next to each employee's name tells you how many unresolved exceptions that employee has.

4 Your options for correcting the punch depend on the type of exception. In this example, you can manually enter a time, or tap the icon to enter the scheduled punch time.

Performing Manager Tasks

KRONOS®

Respond to Alerts

On the home screen, tap the **Alerts** icon.

Low Priority

Medium Priority

High Priority

Alert Count
The count next to the Alerts icon indicates how many alerts you have.

Edit
Tap when your are done reviewing some or all of your alerts. You can then either Delete All, or select individual alerts and tap Delete.

Alert Details
Tap an alert to view its details. Depending on the type of alert, you may be presented with options for responding to the alert, or for opening another part of the app for further action.
Manage Timecards
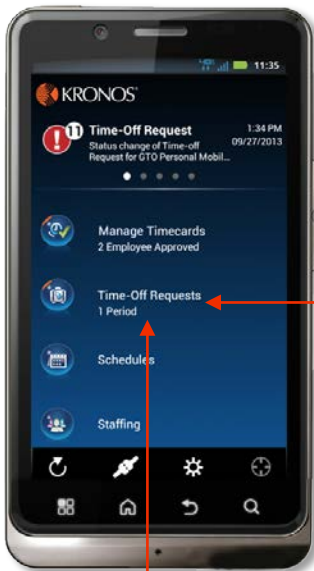

On the home screen, tap Manage Timecards.

Employee approval

No employee approval

Timecard exception

Overtime hours

Approval Count
The count under **Manage Timecards** tells you how many employees have approved their own Timecards.

Selective Approval
Tap check boxes to select individual timecards, then tap Approve.

Name / Exceptions toggle
Tap to sort Timecards alphabetically by Employee, or to display Timecards with potential issues at the top.

Timecard Details
Tap a name to view that employee's timecard (and approve it individually, if you choose). Then, to view the geographic locations of punches, tap the map icon.

Context
Tap to select a different Time Period and HyperFind to work with.

Approve Clean
Tap to approve all Timecards that have no potential issues.
Add or Edit a Punch
While viewing a timecard's details, tap a punch to edit it, or tap a date to add a punch to that date.
