ORS ANNUAL REPORT FOR FY2017
(7/1/16 – 6/30/17)

A. INTRODUCTION AND HIGHLIGHTS OF PROPOSAL ACTIVITY FOR FY2017 BY UNIT

The Office of Research Services (ORS) staff continues to work diligently to provide a variety of services that support three functional goals: 1) to enhance research capacity, 2) to ensure research integrity and compliance, and 3) to maintain an infrastructure to support intellectual property management, technology transfer, and the commercialization of scientific activity. The following narrative summarizes activities in each of these areas.

1. Number of Proposals Submitted and Total Dollars Requested by Unit

- Grant-seeking by Loyola’s Lakeside campus faculty remained robust for FY2017, although slightly down from FY2016
- Faculty submitted a total of 227 external grant proposals in FY2017 (see Section B below for detailed summaries and comparisons with prior years, and Appendix 2 for complete listing by Unit/Department), for a total of \$67,719,008 requested
- The five most active school/college/center/units (in descending order) were: the College of Arts & Sciences (CAS), the School of Education (SOE), the Institute for Environmental Sustainability (IES), Center for Science and Math Education (CSME), and the School of Social Work (SSW)

2. Number of Awards and Total Dollars Received by Unit

- 158 awards were received by Loyola’s Lakeside faculty, a submission success rate of 70%, compared to 60% for 2016
- Awards received totaled \$15,387,037 for an average award amount of \$97,386, compared to \$89,790 for 2016, an increase of 8%

3. Noteworthy Awards

- The federal Trio “Student Support Services” award (total multi-year budget = \$1,181,010), the federal Trio “McNair Scholars” award (total multi-year budget = \$1,100,000), and the Howard Hughes Medical Institute “Innovate, Collaborate, Discover” award (total multi-year budget = \$1,900,000) each received their respective renewals
- The following awards of \$250,000 or greater were received:

FY2017 Research Grant Awards of \$250,000 or Greater to Investigators*

2. Number of Awards and Dollars Received by Unit

- Loyola's Lakeside faculty received 158 grant awards in FY2017, an increase from 2016
- As the largest unit, the College of Arts & Sciences receives the largest number of extramural grants. The five most frequent grant award recipients for A & S departments in FY2017 were (in descending order): Biological Sciences, Psychology, Chemistry & Biochemistry, Mathematics & Statistics, and Criminal Justice and Criminology
- Loyola's Lakeside faculty secured \$15,387,037 in grant funding in FY2017, an increase of 9.3% over 2016

E. STRATEGIES EMPLOYED BY ORS TO FACILITATE GRANT ACTIVITY

ORS has developed several initiatives to assist and encourage faculty in finding external support for their work and to enhance their ability to successfully secure external funding:

1. **Research Support Awards.** All tenure-track faculty may apply for Research Support Grants (RSGs) that provide up to \$5,000 in research support per academic year. This program is designed to promote high-quality research, scholarship, and creative activity by LUC faculty by:
 - Enabling faculty researchers to conduct smaller scale research to produce preliminary data for larger external grant proposals
 - Serving as “bridge” funding for active researchers typically supported by external funding but who are between awards
 - Enabling faculty to cover minor unanticipated expenses associated with externally-funded research in progress and thus promote successful and timely achievement of project goals
- In FY2017, a total of \$72,993 was awarded to 15 faculty in eight departments
- 8 of 15 awards resulted in submission of 16 external funding proposals
- Awarded faculty submitted a total of \$8,243,570 in funding requests to external funding agencies (shown below), *an amount 112 times that invested*

2. The ORS Faculty Research/Scholarly Interests Database

The Assistant Director for Research Development monitors and/or subscribes to more than 40 sources of funding opportunities that are screened weekly and either posted to the automated *Faculty Grants Notification System* (FGNS) or are sent directly to appropriate faculty, and also conducts custom searches for faculty and/or administration. The Faculty Grants Notification System (FGNS) serves to:

- Match faculty to potential funding opportunities based on their chosen research area keywords
 - Automatically send faculty e-mail notifications about funding opportunities matching their keywords
 - Feature profile pages with optional fields for research interest narratives, publication lists, CVs., and links to personal or lab web pages, in order to foster collaboration
 - Facilitate the general increase in proposal submission over last 5 years since inception
- Over 600 funding opportunities were posted in the FGNS in FY2017
 - Approximately 120 funding opportunities were sent directly to faculty in FY2017

3. Pivot Data Base

- Loyola subscribes to the Pivot database, the world's largest grants and funding database
- Pivot contains over \$44 billion in funding opportunities and more than 3 million scholar profiles
- Approximately 600 Loyola faculty logged into Pivot for a total of 1144 visits to view more than 8000 funding records in FY2017
- Over 300 funding opportunity records were sent directly to individual faculty from Pivot in FY2017

4. Faculty Outreach: Workshops and Webinars

ORS continues to expand our outreach education program, offering workshops and webinars that assist faculty in:

- Orienting new faculty to working with ORS on submitting proposals
 - Seeking funding opportunities and using funding databases
 - Writing competitive grant proposals
 - Understanding new and modified federal regulations and compliance procedures
 - Understanding Loyola’s IRB and IACUC processes
- In FY2017, 15 outreach events were conducted by ORS (and one invited outreach presentation for the Provost’s Office), eight of which were unique (some events had more than one session):

H. OTHER SUPPORTS FOR FACULTY SCHOLARSHIP

1. Manuscript Publication Assistance Awards

- Lakeside tenure-track faculty may apply for a grant of up to \$1,000 to assist with fees for preparation of scholarly manuscripts or artwork for publication/presentation
- Awards are renewable for a maximum of up to \$2,000 per year (see Appendix 3 for details of publication assistance awardees)

Publication Assistance Awards For FY2017

Psychology	1
Total	17

*Two individuals from Biology received more than one award but did not exceed \$2,000.

** One individual from Computer Science received more than one award but did not exceed \$2,000.

2. Book Subvention Assistance Awards

- Aids faculty in publishing scholarly books accepted by university presses
- Covers production expenses required by the press up to \$2,000, including author's mandatory contribution
- Helps to reduce financial burden to authors and ensure a reasonably priced volume accessible to libraries and other scholars (see Appendix 3 for details of book subvention awardees)

3. Department Grant Director Program

- Lakeside Campus deans, department chairs, and Center/Institute directors may apply for a grant of up to \$1,500 per year (plus fringe) toward stipend of a Department Grant Director (DGD)
- Award promotes hiring of DGDs who identify potential external funding sources and assist with preparation of at least 5 proposals per year
- Prospective DGDs should be tenured faculty members with records of obtaining external grants and who will aggressively pursue extramural funding for the unit; DGD can be, but is not required to be, the principal investigator on submitted proposals
- FY2017 was the final year of this program

DGD Awards for FY2017

DEPARTMENT	NUMBER OF AWARDS
CSME	1

4. Peer Reviewer Program

- Principal investigators at Lakeside campuses may apply for grants of up to \$100 toward external or internal peer grant proposal reviews
- No applications for this program were made in FY2017

5. Grant Writer/Reviewer Program

- Principal investigators may apply for grants of up to \$100 toward services of professional grant-writers or qualified external or internal peer reviewers
- No applications for this program were made in FY2017

I. RESEARCH INTEGRITY AND COMPLIANCE

1. Record Systems

- No significant changes to compliance records systems were made in FY2017
- Significant changes made in FY2016 included: transition of Institutional Review Board (IRB) and Institutional Animal Care and Use Committee (IACUC) backup records, animal census data, report due date reminders for PIs, and radiation safety modules to electronic automated management by the online Compliance Approval Portal (CAP) system; and transition of all paper compliance records to electronic records via DocFinity and automated management by the CAP system

2. Assurances

- Annual Controlled Substances Audits/Inspections implemented and conducted (summer 2016)
- ORS staff conducted physical inspections of all laboratories using materials subject to IBC Institutional Biosafety Committee (IBC) oversight and reported the findings to the IBC
- Annual Biosafety Audits/Inspections and required reporting by the IBS to the NIH continues (IBC is registered with NIH)

3. IACUC and IRB Committees

- ORS Staff met with HSD staff to facilitate an intercampus CITI version that is more streamlined for trainees
- ORS staff reviewed the new “Final Rule”, published by OHRP in January, 2017 and met with representatives of the IRB to prepare for the new regulatory requirements, which become effective in FY2018
- Convened two emergency IACUC meetings (November 2016 and January 2017) to address time-sensitive animal health concerns

4. Animal Care Facility (ACF) and Services

- Added a new live animal housing and research site (currently housing frogs and turtles) located in Woodstock, IL on the LUREC campus

5. Compliance Training Programs

ORS provides compliance training in four areas: Responsible Conduct of Research and Scholarship (RCRS), Conflict of Interest (COI), use of human research subjects (IRB), and use of animal research

subjects (IACUC). Training is provided by the Assistant Director for Research Compliance, expert faculty volunteers, and occasional outside professionals. In FY2017:

- Three RCRS two-day training programs were conducted: January 2017, May 2017, August 2017
- Summary of FY2017 and 4 prior years' training delivery:

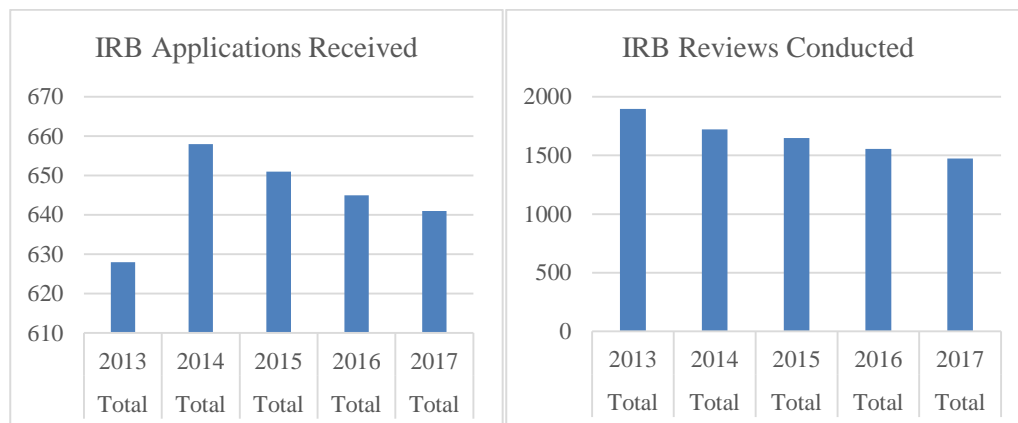

New Training Certifications by Year

Year	RCRS	IRB	IACUC	COI
2017	89	1232	36	48
2016	119	1194	35	43
2015	61	1238	42	28
2014	96	1231	26	49
2013	148	1307	37	96

6. Institutional Review Board (IRB) Review Activity

- IRB completed 1473 reviews using the online CAP system
- More reviews than applications reflects resubmittals (mean = 2.3 reviews per submission)
- Both IRB applications and thus reviews have declined over past 5 years
- Decline was due to fewer amendments needed and more research projects qualifying for exemptions, which does not require annual submission of continuing review

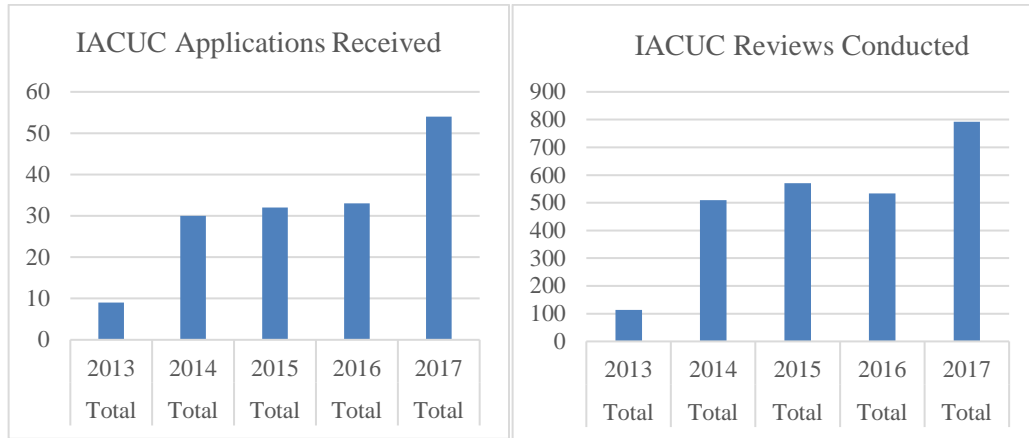

IRB Activity FY2013-2017

7. Institutional Animal Care and Use Committee (IACUC)

- IACUC received 54 applications in FY2017 using the online CAP system
- More reviews than applications reflects resubmittals (mean = 1.3 reviews per submission)
- Applications have significantly increased over the past 5 years due to hiring of several new animal researchers

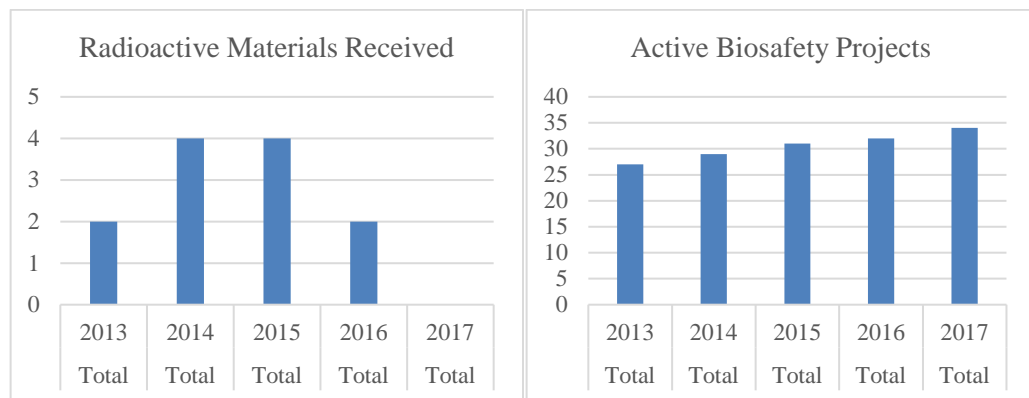

IACUC Activity FY2013-2017

8. Research Safety: Institutional Biosafety Committee (IBC), Radiation Safety Committee (RSC), Laboratory Safety Committee (LSC)

- IBC, RSC, and LSC committees met regularly to ensure research compliance with federal regulations/university policies, and minimize risks to lab personnel
- Use of radioactive materials remains low; no new orders for radioactive material in FY2017

Radioactive and Biosafety Activity FY2013-2017

J. INTELLECTUAL PROPERTY, TECHNOLOGY TRANSFER AND COMMERCIALIZATION

1. Patents

(1) International Application No. PCT/US16/41797, filed July 11, 2016

2. Royalty Income from Technology Transfer

- HPV technology (Gissmann, et al.) licensed to Glaxo Smith-Kline continues to generate royalty income for the University, totaling \$477,942 in FY2017

3. ORS completed Material Transfer Agreements on behalf of the following faculty in FY2017:

Dr. Miguel Ballicora, Chemistry and Biochemistry
Dr. Michael Burns, Biology
Dr. Daniel Cavanaugh, Biology
Dr. Jeffrey Doering, Biology
Dr. Brian Pickett, Biology
Dr. William Rochlin, Biology

FY17 Proposals, New Submissions, July 1, 2016 - June 30, 2017

Agency Type: Federal

Agency for Healthcare Research and Quality

Total Funds Requested From This Agency: \$1,975,072.00

Investigator: Dligach, Dmitriy **Primary Dept:** Computer Science **Secondary Dept:**

Co-Investigator(s):

Proposal #4562 **Project Title:** Natural Language Processing for Automated Quality Measure Abstraction

Total Funds Requested: \$1,975,072.00 **Submission Date:** 2/6/2017 **Status:** Complete & Pending

Environmental Protection Agency

Total Funds Requested From This Agency: \$74,999.00

Investigator: Avrushin, Adam **Primary Dept:** Center for the Human Rights of Children **Secondary Dept:**

Co-Investigator(s): Walts, Katherine [Center for the Human Rights of Children];

Proposal #4464 **Project Title:** Chicago Healthy Home Inspection Collaboration

Total Funds Requested: \$20,000.00 **Submission Date:** 8/1/2016 **Status:** Awarded & Funded

Investigator: Keller, Reuben **Primary Dept:** Institute of Environmental Sustainability **Secondary Dept:**

Co-Investigator(s):

Proposal #4552 **Project Title:** An Invasive Crayfish Collaborative "Expanding Capacity of the Great Lakes Region to Manage AIS

Total Funds Requested: \$40,000.00 **Submission Date:** 1/4/2017 **Status:** Complete & Pending

Investigator: Lishawa, Shane **Primary Dept:** Institute of Environmental Sustainability **Secondary Dept:**

Co-Investigator(s): Waickman, Zachary [Institute of Environmental Sustainability]; Monks, Andrew [Institute of Environmental Sustainability];

Proposal #4564 **Project Title:** Anaerobic digestion for a zero waste urban campus

Total Funds Requested: \$14,999.00 **Submission Date:** 2/3/2017 **Status:** Complete & Pending

Institute of Education Sciences

Total Funds Requested From This Agency: \$1,511,349.00

Investigator: Gaylord-Harden, Noni **Primary Dept:** Psychology **Secondary Dept:**

Co-Investigator(s): Pryce, Julia [School of Social Work];

Proposal #4428 **Project Title:** Refinement of an Intervention to Improve Academic Outcomes for Low-Income Urban Youth through Instruction in Effective Coping Supported by Mentoring

Total Funds Requested: \$499,519.00 **Submission Date:** 7/6/2016 **Status:** Not Funded

Investigator: Lange, Karin **Primary Dept:** Center for Science and Math Education **Secondary Dept:**

Co-Investigator(s): Tingley, Peter [Mathematics & Statistics];

Proposal #4441 **Project Title:** Tempering the Error Climate: Impact of Perceptions about Error Functionality on Student Learning, Motivation, and Perseverance in Mathematics

Total Funds Requested: \$214,071.00 **Submission Date:** 7/29/2016 **Status:** Not Funded
