

# What do Copernicus, Google, and Chicago have in common?

They all have ties to Poland!

Learn **Polish** and open yourself to the world!

## Fall 2017

**POLS 101-001 Elementary**

**MWF 10:25 – 11:15 am**

**Marta Ochyra Olchawa**

**POLS 101-001 Elementary**

**TuTh 10:00 – 11:15**

**Aleksandra Majkowska Smith**

This course is focused on improving students' ability to understand, speak, read and write by practicing useful phrases, grammar, spelling, vocabulary and sentence structure. We will include elements of Polish history, literature, traditions and culture.

**POLS 103 Intermediate**

**MWF 12:35 – 1:25 pm**

**Marta Ochyra Olchawa**

This course is designed to further develop and improve students' ability to comprehend, speak, read and write Polish. We will focus on grammar and spelling, introduce new vocabulary and idiomatic expressions. We will also discuss elements of Polish history, literature, culture as well as contemporary politics, economy and life styl.

**POLS 104 Polish for Medical & Health Pr. TuTh 11:30 – 12:45**

**A. Majkowska Smith**

This course is designed for students in pre-medicine curriculum and medical/health majors and minors. Students will be introduced to medical terminology, parts of the body, physiology, as well as names and symptoms of most common diseases, and addictions.

To enroll contact: [bmclee@luc.edu](mailto:bmclee@luc.edu). **It satisfies the CAS foreign language requirement.**

**POLS 250 Polish Composition & Conversation TuTh 11:30 – 12:45 A. Majkowska Smith**

This course will improve students' ability to understand, speak, read and write Polish. We will discuss Polish history, literature, culture and its contemporary issues. We will practice written and oral communication as it is used among business, legal, and medical professionals today.
