

How does PBIS align to a Catholic Worldview?

1

Catholic Social Teaching:

- We believe in the life and dignity of the human person, that every person is precious.
- We believe in the call to family, community, and participation – we seek the common good and well-being of all for our Catholic school communities and the community of each classroom.
- We believe in rights and responsibilities – human dignity can only be achieved when responsibilities are met.

2

We believe in **reconciliation**. Matthew 18:21-22 says, "Then Peter came to Jesus and asked, 'Lord, how many times shall I forgive my brother or sister who sins against me? Up to seven times?' Jesus answered, 'I tell you, not seven times, but seventy-seven times'."

3

The word **catholic** means all-embracing. The Greeley Center believes strongly that each child is precious, unique, and unrepeatable. We work with Catholic schools to find ways to be more inclusive, to open arms widely to each child who deserves the dignity and gift of a Catholic education by right of their **baptism**.

In order to be **inclusive**, we need to meet the academic, behavior, social and emotional needs of each child. PBIS leads to an inclusive environment where proactive supports are developed to meet the needs of all students.
