

Campus Posting Policy

The following policy has been established to assist in maintaining a safe environment that is non-threatening and conducive to learning. It is expected that this policy will help ensure spaces are utilized appropriately and that they continue to provide an opportunity to promote/publicize events, activities, and other important information for all of our campuses.

For the purposes of this policy, "postings" refer to flyers, posters, or other print material displayed temporarily on university bulletin boards and other approved posting locations. Such forums are subject to viewpoint-neutral time, place, and manner restrictions as provided below. This policy does not apply to students interested in requesting approval for fixed exhibits which are temporary physical displays on university grounds. For more information, review the Fixed Exhibit Policy within the [Community Standards](#).

Time

Time restrictions for posting materials vary by location and are determined by the appropriate office or department responsible for managing the designated bulletin board or posting location. For more information, see Posting Authority and Approval section below.

Postings must be removed by the sponsoring party on or before the approved posting deadline. Any posting material that is outdated, not approved or is at any time found not to meet the above posting guidelines may be removed at the discretion of university staff. Continued disregard of the removal expectation may result in the forfeiture of the posting privileges for the sponsoring party.
