Affairs
Sponsor: Diversity Committee and Budget and Strategic Planning
Committee of the University Senate

Vote: 14 in favor; 1 opposed; 3 abstentions.
Resolution PASSED.

Be It Resolved

Given that diversity themes are integrated into all aspects of
Plan 2020;

And given that the SDMA currently serves a broad range of
students of marginalized identities relative to its small staff;

And given that current plans are to expand the existing
infrastructure of the Office of Student Diversity and
Multicultural Affairs to accommodate faculty and staff training
and programs;

The University Senate hereby recommends that this office be
protected from future cuts to its staff and budget and that
funds be allocated to expand its staffing resources, including
at least one additional staff member dedicated to serving LGBTQ+
students.
