

Katherine DeLage Taft Papers,
1923-2009, n.d.

Creator: Taft, Katherine DeLage (1917–2011)

Extent: 4 linear ft.

Processor: Jeanelle Bergen, BVM. Updated by Elizabeth A. Myers, May 2007. Addendum 1 initially processed by Jonathan Sebastian, April 2008. New material added and collection updated by Maria Wagner, July 2011.

Administration Information

Access Restrictions: None

Usage Restrictions: Copyright of the material created by Katherine DeLage Taft was transferred to the Women & Leadership Archives.

Preferred Citation: Loyola University of Chicago, Women & Leadership Archives. Katherine D. Taft Papers. Box #. File #.

Provenance: The original collection was the personal gift of Mrs. Katherine D. Taft made on July 15, 1998 with additional materials donated in 1999 and 2000. It included accessions WLA1998.25, WLA1999.06, and WLA2000.19. Additional materials donated in 2006 and on July 12, 2007, and accessioned as WLA2006.74, WLA2007.21, and WLA2007.22 were processed in April 2008 as Addendum 1. Two additional folders of material donated in 2009 were added to Series 4 of the original collection in December 2009. Accession numbers WLA2009.11 and WLA2010.26 were added in July 2011.

Separations: One graduation gown and one graduation hat were removed to the Mundelein College Records Collection, Memorabilia Series.

Biographical History

The personal information noted here was secured from the Mundelein College Faculty Data sheet covering the period when Katherine D. Taft was employed part-time by the College's Education Department (1968-1970) and from the introduction to her Master's Thesis.

Born September 1, 1917, Katherine DeLage received her A.B. from Mundelein in 1938 with a major in Chemistry. In the years immediately following graduation, she was employed as a Case Worker, and as a Research and Control Chemist. After marrying Andrew Taft and becoming the mother of five children, she returned to the field of education on the secondary and college level as teacher and lecturer in the areas of chemistry and Earth Sciences. She received her Master's degree from Cornell University, in Ithaca, N.Y. in 1961.

She held memberships in numerous Science and Education organizations and was elected Regional Director of the National Science Teachers Association in 1970. With a Shell Fellowship at Cornell which she held in 1968, her interest and activity became focused on the training of elementary school teachers in the development of multi-media systems as applied to science and mathematics and on the behavioral objectives in science.

This collection reflects Taft's concentration on her career as an educator and her program of individualized science instruction. She emphasized the learning process of reading readiness,

learning disabilities, and art in relationship to hard science. This series also includes specific scripts for her high school science lessons as well as *Earth Sciences*, which she authored to assist science teachers.

Besides acting as consultant for the Midwest Editorial and Publishing Services in their preparation of a series of Science filmstrips, Taft founded and acted as President of her own company, The Science Education Service.

Notebooks from her classes and many other items connected to Mundelein College are included here. Above all, the collection reveals Taft's life-long passion for learning and teaching science and for her students. She was involved with the Upward Bound Program at Barat College in Lake Forest, Illinois and was an educator at Barrington High School in Highland Park, Illinois. Of special note are letters from former Barrington students received during the Vietnam War in response to a newsletter that Taft had initiated. Taft remains a strong supporter of Mundelein College and was featured in *Mundelein Legacy* in Spring 2008.

In addition, Taft taught at the American International School in Vienna, Austria in the early 1980s and documents related to this are included. Taft volunteered for the Girl Scouts, Lincoln Park Zoo, the Lake County Forest Preserve District, and on behalf of several political candidates. Here also are Taft's correspondence with the Internal Revenue Service and her teaching expense list.

Katherine Taft died at the age of 93 on August 13, 2011.

Scope and Content

The materials comprising this collection were categorized into four series as described below. The folders in each series are arranged alphabetically.

A number of items include descriptive notes from Taft that provide detail and context.

Series 1: Biographical, 1930-2009, n.d. Boxes 1-2

Contains material related to Taft's undergraduate, graduate, and continuing education at various schools and institutions. This includes class notebooks and papers written by Taft (including two copies of her bound Master's Thesis), items related to trips taken by Taft, and some personal correspondence. In addition, there are several documents related to Taft's volunteer activities with the Girl Scouts, Lincoln Park Zoo, and the Lake County Forest Preserve District. Lastly, there is a transcript of an interview with Taft conducted in the late 2000s.

Series 2: Professional, 1955-2006, n.d. Boxes 2-6

This series includes materials related to Taft's research and teaching career both in Illinois and in Vienna, Austria. Also included are book reviews written by Taft for *Curriculum Review*, and drafts and a final copy of *Earth Science*, a workbook for students. Information regarding NSTA conferences and teaching science in elementary schools is included here.

Series 3: Photographs, 1923-1988, n.d. Box 6

Women and Leadership Archives
Loyola University Chicago

Includes personal, teaching, and research photographs, including one of Taft's husband as a child and her graduation photograph from Mundelein College. Some photos include notes written in the 2000s from Taft that provide detail and context.

Series 4: Oversized and Three Dimensional, 1934-2001, n.d. Box 7

This series contains a 1937 textbook from Taft's chemistry class at Mundelein College, multiple teaching and professional awards, a Lincoln Park Zoo Volunteer Appreciation plaque, and a Mundelein College case. A graduation gown and hat were separated to the Mundelein College Records Collection.
